Commissioner for Patents

The Appeal Brief filed on 4/23/08 is still defective for a reason set forth in the Notice of Non-Compliant Appeal Brief of 3/25/08. In the Notice, the Appellant was informed that the brief does not contain a concise explanation of the subject matter defined in each of the independent claims (See box 4 and 10 of Notice). In response to the Appellant submitted the Appeal Brief of 4/23/08, which still does not present a concise explanation of the subject matter in the form required, specifically Appellant does not cite to the specification by page and line number (37 CFR 41.37(c)(1)(b)). Appellant merely provides one citation to "page 114" on page 3, lines 9-10 of the Appeal Brief. This reference covers the entire detailed description of the specification and does not include the line numbers where the claimed subject matter can be found. This citation is not concise.

The Notice of Non-Compliant Appeal Brief of 3/25/08 set forth a one month time period for reply. That time period remains. Extensions of time are available (37 CFR 41.37(d)).
